

**Subject-Specific Study and Examination  
Regulations  
for the two-year M.Sc. Study Program  
Corporate Management & Economics  
SSSER 2y MSc CME**

(Start of studies Fall Semester 2022)

**Subject-Specific Study and Examination Regulations  
for the two-year M.Sc. Study Program  
Corporate Management & Economics | 2y MSc CME  
at Zeppelin University  
dated 22/06/2022**

Based on § 70 Para. 6 in conjunction with § 32 Para. 1 of the law governing universities in Baden-Württemberg (State Higher Education Act – LHG) in the version valid on 12/03/2014, the Senate of Zeppelin University has decided upon the following regulations, last amended on 22/06/2022, governing teaching, studies and examinations in the master's study program Corporate Management & Economics (CME):

### **§ 1 Study program-specific admissions requirements**

Admission to the two-year Master Program Corporate Management & Economics is granted to applicants who have obtained a first degree in Economics with 180 ECTS points.

### **§ 2 Study program objective**

The research-oriented CME master's program prepares students for a career in academia as well as in the public, non-profit, and commercial sectors.

### **§ 3 Study program structure**

- (1) The study program (120 ECTS points) consists of 7 compulsory modules (42 ECTS points, 1st & 2nd semesters), up to 9 elective modules (54 ECTS points, 2nd to 4th semesters) and a master thesis including a thesis defense (24 ECTS points, 4th semester) (see Appendix 2). Tandem Coaching is a part of the workload in accordance with ECTS and takes place during semester 1 through 4.
- (2) Admissions requirements for individual modules are regulated by the respective module description.

### **§ 4 Elective Modules**

- (1) Elective modules can be found in Appendix 2 of these regulations and can be selected depending on individual prior knowledge.
- (2) At least two subject areas with a total of 18 ECTS points each (36 ECTS points in total) are compulsory in the elective section; all elective courses in the respective subject area must be successfully completed in accordance with Appendix 2.
- (3) Elective modules worth 18 ECTS points can be replaced by module 24251 "Elinor-Ostrom-Project", an element of student research.
- (4) Elective modules worth 18 ECTS points can be used for an internship or for

setting up your own business. One interdisciplinary subject area worth 18 ECTS points can be selected from the other Zeppelin University master study programs excluding executive programs (multidisciplinary elective modules) or from other domestic or foreign universities. The latter is subject to prior approval of a formal request to the program board in advance of the course attendance. Thereby the corresponding courses and the overall title of the subject area are determined.

- (5) As a rule, students can choose any mandatory and elective modules within the Zeppelin University master study programs that are not included in the student's own program (major) as multidisciplinary elective modules (depending on availability and subject-related admissions requirements), as well as from offered StudentStudies and GlobalStudies.
- (6) A minor qualification in CME is offered to students in other master study programs.
- (7) Participation in the workshops "Fundamentals of Entrepreneurship" and „Creativity & Performativity“ is open to students as an extracurricular activity.

#### **§ 5 Authorization of the Examination Committee**

The Central Examination Committee is authorized to undertake changes to these regulations, in the event of which, they will notify the Senate. This does not apply to significant changes, particularly those which affect the very essence, content-related orientation or the basic structure of the study program.

#### **§ 6 Effective date**

- (1) These regulations as amended shall come into force with effect from 22/06/2022.
- (2) They shall apply to students who begin their studies in the Fall Semester 2022 or later.

---

#### Footnote

In accordance with § 70 Para. 6 in conjunction with § 32 Para. 1 LHG, approval has been granted and the regulations will be published today.

Friedrichshafen, 22/06/2022

**Major Phase (Semester 1-4) Elective Modules**

Three interdisciplinary subject areas amounting to 54 ECTS points in total. At least two of the 2y MSc CME subject areas have to be chosen (36 ECTS points in total). A third subject area worth 18 ECTS points can be selected from other Zeppelin University master study programs excluding executive programs (multidisciplinary elective modules) or from other domestic or foreign universities. The latter is subject to prior approval of a formal request to the program board in advance of the course attendance. Thereby the corresponding courses and the overall title of the subject area are determined. Alternatively, a third subject area amounting to 18 ECTS points can be used for an internship or for setting up your own business or for conducting a student research project (Elinor-Ostrom-project).
